Customer Reviews

My daughter has not taken the test yet but this product was recommended by her AP teacher. Great tool as it is separated by chapter/section of history and comes with a key ring so you can easily carry around the flash cards you need to study.

These flashcards are great! I took an AP United States History course last year and used these to help me review before the AP test in the spring. I really liked how thorough the definitions on the backs of the cards are. Also, the cards cover a good variety of topics, rather than just wars and politics. Overall, I found them to be very well written and useful!

These flash cards was a life saver for me during my junior year of high school. The quantity and the

quantity of it was amazing. It was not super super loaded with information it gave you mean ideas and the best part was that it had the table of contents to help you locate for what you needed. This along with the Barron's book was an amazing tool for me. I don't know what my score is yet but reading this and the Barron's book I feel confident enough to say that I either scored a three or above!!!

It's great! I used these religiously to study and got a 4 on the test. Highly recommend - they're filled with useful information!

These flashcards can be used in multiple ways if the child is willing to put forth the effort

Very difficult to follow the pattern of history with these cards. I actually returned them

These flash cards really helped my son prepare for his AP US History exam!

very well done
