ISBN-10: 1941743765

ISBN-13: 978-1941743768

Product Dimensions: 8.5 x 0.5 x 11 inches

Shipping Weight: 1.3 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (12 customer reviews)

Best Sellers Rank: #34,074 in Books (See Top 100 in Books) #10 in [Books > Education & Teaching > Test Preparation > College & High School > PSAT & National Merit](#) #74 in [Books > Education & Teaching > Higher & Continuing Education > Test Preparation > SAT](#) #179 in [Books > Education & Teaching > Studying & Workbooks > Study Guides](#)

Customer Reviews

I was interested in finding a book to help a friend's daughter with the PSAT Exam so I ordered this study guide. I found this book to be comprehensive, organized, and extremely helpful. It provided all the information she had questions on, tips, reviews, and 300 example questions that covers each section of the exam. In addition to all of that, it contained two (2) full practice exams to help provide a better idea of what to expect on the exam. I have personally taken a lot of exams over the years and unless you see a sample to prepare, you are never fully prepared of what to expect. I am very excited to see how well this study guide helps my friends daughter. She was extremely nervous about the exam but seems to have gained a lot of confidence since working with this study guide. I received a discount to purchase this item in exchange for my unbiased opinion. PSAT Prep 2017:: PSAT Study Guide and Practice Test Questions or the PSAT Exam by Accepted, Inc.

PSAT Prep 2017:: PSAT Study Guide and Practice Test Questions or the PSAT Exam by Accepted, Inc."I received this product at a discount in exchange for an honest and unbiased review."My child is a couple of years away from his PSAT test but I wanted him to start getting acclimated to the test standard. The book has been very good for that. The book is well laid out with a progressive approach to the topics. It does not have a lot of practice tests or problems but as a compliment to your other suite of prep books this will do very well. In fact my child has indicated that the book is easier to follow than a very popular website for SAT prep. That said you need to be very careful of the pricing of the book since there are multiple prices listed all the way from \$6.00 to \$29.00 for the same book!

This PSAT prep book is absolutely ATROCIOUS. Do NOT purchase this for your children taking the PSAT next month, it will NOT benefit them. Not only does this book include wildly incorrect facts (ex. George Washington served 3 terms), but many of their answer choices are incorrect. You will be FAR better off purchasing a Kaplan SAT prep book, Collegeboard SAT prep book, or really ANY other SAT/PSat prep book on the market by a well established company. Our PSAT prep teacher has emailed the company before about this misleading and incorrect book, and they have not responded. I DO NOT recommend purchasing any other books by this new, unknown company. Go with one of the big names like Cliffs Notes, Kaplan, Princeton Review, and Collegeboard's own prep books.

I received this book free for my honest and unbiased review. My daughter is taking the psat soon and I wanted her to have another resource available that she can read and prepare. This book is good when you want a quick read with a variety of information. It gives good examples with step by step for the math portion, which is a plus. There are tons of sample questions with answers also with helps tons. Good study guide. Remember though, if you want to do good on any test, use all resources that you have, not just the easiest or cheapest.

There are tons of sample questions with answers also with helps tons. Good study guide. Remember though, if you want to do good on any test, use all

resources that you have, not just the easiest or cheapest.

Very detailed book. Will help any student prepare for PSAT tests. Book is a great size and came very quick and was shipped in excellent packaging! This gives me a piece of mind to know that my child will have some extra tools to help her exceed on the test!! received this at a discounted rate in exchange for my honest review.
